Cllr Early represented the village hall; he shared that a new roof has been fitted this year and they still hold a couple of fundraising events a year. They plan to soon have the hall decorated following new windows in the kitchen and toilets. It is running smoothly at present.

### **4. Chairman's report**

Hi everyone. My apologies for my absence, hopefully by now I should have recovered from a weekend family blast in sunny Scarborough, I have no doubt that Nigel is more than a capable replacement and would like to thank him for his support over the last two years. Our council is regularly well attended and thankfully our district councillors are no strangers either and with the addition of Paul Lock who regularly attends we keep abreast of most things occurring locally and further afield, many thanks to you all. Once again, we have found ourselves having to appoint a new parish clerk and welcome Lana to our fold and during the short while I have worked with her, her due diligence to getting everything done correctly and on time will serve us well for the future. As far as business nothing major has happened, there have been a few successes such as the flashing speed sign at Langrick Bridge and the relentless potholes and signpost issues. To finish I would like to wish Nigel well, for his stint as chairman and his vice chairman whoever that may be and look forward to sitting with the rest of yourselves on the opposite side of the table.

### **5. Questions and comments**

None.

Meeting ended at 19:35.
